

Letter of Endorsement

March 6th, 2025

To the Fair Care Alliance,

This letter serves as a strong endorsement for your tireless advocacy for the fair distribution of Health Care resources across Vancouver Island. Equity of access to care is critical for its optimization and we think your role in achieving this is essential.

The challenges faced by communities in Central and North Island are significant and your efforts to address these issues through advocacy, community engagement, and support for local healthcare providers have made a substantial impact. Your work ensures that healthcare is not just a privilege for the few but a fundamental right for all.

As you continue your important work, please know that you have the full support of the Nanaimo Medical Staff and we are grateful for the opportunity to partner with you.

With sincere appreciation,

Dr. David Forrest
President,
Nanaimo MSA

Dr. Michael Pariser
Vice-President,
